

## Old Accredited Codes of Practice

**For further information about each company and a link to their code of practice please click '[read more](#)' next to the appropriate company**

The Pub Governing Body (PGB) which replaced BIIBAS some time ago has today welcomed the introduction of three new voluntary codes of practice - for leased pubs, and for tenanted pubs in England and Wales, (covering pub companies who operate less than 500 tied pubs) and for tied pubs in Scotland; all published in recent days.

The new codes have been developed by the IFBB (Independent Family Brewers of Britain) and BBPA (British Beer & Pub Association) in conjunction with Trust Inns, NewRiver Retail, Mitchells & Butlers and with the tenants' representative groups on the PGB.

They coincide with the coming into force of the new, statutory regulation of the UK's larger pub companies. The new codes will ensure that a voluntary system, covering pub company/tenant relationships, continues to operate for lessees and tenants of smaller companies and in Scotland, where the new the system of statutory regulation in England and Wales does not apply.

The new codes replace Industry Framework Code Six (IFC6) and individual company codes found on this site, which now cease to operate. As with IFC6, the PGB will oversee the new codes, ensuring that lessees and tenants covered by them will continue to enjoy access to low cost arbitration of rent and other disputes, through PIRRS (Pub Industry Rent Review Scheme) and PICA-Service which will continue to be administered by the BII.

The Codes on this site will remain here for one year until the 20<sup>th</sup> July 2017,. They are only for the purpose of reference during the 12 months in which a complaint that occurred prior to 21<sup>st</sup> July 2016 can be heard by PICAS and cannot be used in any dispute that occurs after the 21<sup>st</sup> July 2016.
